

The CAPED Convention is just around the corner. Once again this year, we're offering 2 days of the workshops on CCC Confer.

Below is the information you need to call in and log in on your computer. Please note: the online passcode and telephone passcode are the same.

Make sure that you run the Wizard before the day of the workshop so you are sure you can connect. <http://www.cccconfer.org>  
CCC Confer has online tech support; however, you will not be able to get help from anyone at the convention.

Captioning will be available for all the sessions; however, we regret that the captioner is not available for the 6:00 p.m. session (Alternate Format Initiative) on Monday evening 10/09/06. A summary of that session will be available on the AT CIG page after the convention: [http://www.caped.net/access\\_cig.html](http://www.caped.net/access_cig.html) . Please watch this list over the next few days for information about the Alternate Format Initiative

If you have any questions, please contact Carolyn Fiori ([fiori@smccd.edu](mailto:fiori@smccd.edu)) directly, off this list.

To view the full convention schedule, please go to the CAPED website at <http://www.caped.net>
